

Preparation of Current Budget

Current Budget for Education Sector

- Sufficient funds should be allocated for recurrent needs of education sector
- Funds should be allocated to fill vacant posts and engage more teaching staff, whenever and wherever needed
- Schools must get adequate funds for non-salary expenditures related to travel, utilities, communication, repair and maintenance and other class-room needs
- Procedure for providing funds to primary and middle schools for non-salary recurrent needs should be simplified and made transparent
- Budget making process should involve consultations with stakeholders
- For the purpose of transparency, all information related to budgets should be accessible to all
